Rick stated that the grant from Realtor ASCS had been extended to Oct 20, 2021 and was reduced from \$5000 to \$2500. He will be contacting Donny to see what is going on.

A bid that is approved by the City Council needs to take place so the concrete pads in the park area can be taken out once we get the green light to go ahead with the sidewalk bids.

As of today no update on the bid contracts from Michael Keaton from AMCE.

We discussed possible rules for the park that the council will have to pass as ordinances.

Melody gave us a list of pledges that have been received that are listed on the second page. She was also asked to get with our insurance companies for suggested rules for parks.
