The Bond

September 2017

Vol 68 No. 2

## NEW ALUMNI OFFICERS

It's been a few years since we've held elections. We **NEED** some fresh faces in our leadership positions. The Treasurer needs to be local but others do not "have" to be. The officers communicate and make decisions between regular business meetings that require more input from the Association as a whole. Please step up or encourage a frater to be elected at our Homecoming meeting.

(PS, I'm not going anywhere, I'll always work on the Scroll & Bond. I would like to be able to focus more on the House Committee & give someone else Jerry)

## TKE House Update!

We saw during our first formal Fall formal rush (on their own) just how vital having a house is to our new chapter. Many of you remember being in the same boat, I'm sure. IF the guys area going to be able to compete with the other fraternities, they need a House!

We have gone back to the "drawing board" to work on another revision of a style more like a "lodge" with a few bedrooms to cut the estimated cost about half. If we can deliver on a \$250k fundraising goal, the chapter (*with tenant/parlor revenue*) can afford this dwelling to start with.

We're getting closer to our initial \$100k Centurion Campaign goal. 2016 was a slower year than 2015, so we need to step it up NOW to finish this mark by year end. There are some larger donors who have committed most of the next \$100k PENDING we get 50-75 fraters donating \$100k!

Please make your \$500 - \$1000 donation or start a regular payment plan NOW! See our website or message us for details/options. Every one of us owes the fraternity a debt of gratitude for the benefit it has been in your life. Your time as an undergrad was possible because someone before you cared enough to help build the chapter. It's OUR Time!

## Join Us For Homecoming 2017.
