

HOMECRAFT KITCHEN WORKSTATION

- This multi-function food preparation unit is designed to provide assistance with many day-to-day kitchen tasks. Based around a tough, durable chopping board measuring 500 x 300mm the workstation also features:.
- A removable grater and slicer (with a protective cover) that collects the food with a minimum of mess and waste.
- A raised L-shaped corner measuring 130 x 95mm which can be used to hold bread and toast in place when food is being spread.
- Removable stainless steel spikes that can be used to hold fruit or vegetables in place whilst being chopped or peeled.
- A removable clamp that can open up to 110mm wide and hold any object such as food, tins or bowls in place. The clamp has a reversible edge which can be either flat or contoured.
- The workstation has four non-slip suction pads that firmly anchor it in place, even in wet conditions. The workstation is dishwasher safe and all its parts are removable and replaceable.

Warranty
1 Year
