COMPLETION OF THE
**MOISTUREFREE ROOF INSPECTION
CERTIFICATION PROGRAM**
FOR STEEP SLOPE ROOFS

DATE OF COMPLETION

JULY 2008

Certified Inspectors agree to comply with all standards of the MoistureFree Protocol Inspection, MoistureFree Roof Installation guidelines and to research and abide by local building codes relative to steep slope roofing. Violation of these certification guidelines may result in revocation of the inspectors MoistureFree certification status, as determined solely by MoistureFree Residential Corporation.
