Genie+ Info

What is Disney's Genie?

Disney Genie+

For group tickets, you cannot purchase Genie+ until the day of your reservation. You can make selections all day up to regular park closing. Guests of a Disney Resort Hotel and Other Select Hotels: These Guests can make their first purchase starting at 7:00 AM on the day of their visit. All Other Guests: can make their first purchase when the park opens.

FAQ's

Do I need to make park reservations?

No, these have been preloaded on the tickets.

Can I get my Disney ticket number ahead of time as a BRT traveler?

We are **not** giving out Disney ticket numbers ahead of time for multiple reasons:

- You cannot purchase Genie+ until the day of your park visit (as stated above).
- You do not need to make park reservations as they are preloaded (as stated above).
- We do not want anyone to change the preloaded park reservations. This could cancel the entire group's ticket numbers and park reservations.

But don't I need my Disney ticket number to make dining reservations?

No, you do not need your ticket number to make dining reservations and can make those 60 days ahead of time.

When should I purchase Genie+/Individual Attraction Selection?

Once you enter the park is the ideal time to purchase Genie+ to prevent any ticket/park reservation issues.

I want to link my tickets, what is the best way to do that?

You can link your tickets to family and friends, but each ticket number must be assigned to just one individual to avoid ticketing issues.
