MONITORED ALARM SYSTEM

Smith Thompson

972-526-8500; select Sales

This is who we use and the tech support will walk through issues by phone, prices low, use as much existing equipment as possible. If a company says need all new equipment and wires, get a second opinion.-Angela

Areas: DFW, Austin, San Antonio, Houston – 1hr parameter approximately out.

Tidbit some systems make work differently so call and ask: Any monitored system, have company help setup a panic code, use the street number it's the most attempted. It shuts off but dispatches police as that is a distress code, tells monitoring company owner put it in or the burglar tries=automatic dispatch police.
