

RULES I CORPORATE LEAGUE CO-ORGANISED BY EUROPADEL LUXEMBOURG CLUB AND GARISART

FIRST PHASE

1. International Padel Federation rules will be applied to play all games.
2. Every match day will include two teams (A & B) of each company to play respectively against two teams (A & B) of another company at the same time in two contiguous courts.
3. Every company must send two teams (A & B) for each match day. Team A must have upper level than team B in all cases. Teams can be formed by two men, two women or a mixed team. This is a decision of each company's captain.
4. One player CANNOT play in two different teams in any case even in the same Company.
5. Additional players can be added by sending an email to Europadel mailbox but, in any case, before last game of first round. New players will not be accepted for the final phase.
6. All league matches should take place at Garisart near Arlon (Belgium).
7. Teams MUST show up at least ten (10) minutes before scheduled time at the Padel courts, so punctuality is a requirement.
8. If a team has not shown up ten (10) minutes after scheduled starting time, it loses the match by W.O. (9-0), except if both teams agree on playing the game with the remaining time.
9. All matches will be played at one winning set up to 9 games (with tiebreak up to 7 points included if match is tied 8-8).
10. Games must be played at a maximum time of sixty (60) minutes starting to count from the scheduled time and including warm-up time. In case you cannot finish your match in 60 minutes, the result will be the last played until that moment.
11. After the match, both teams must fill in & sign the scoring paper, and give it back to the organization with the used balls (the balls and the scoring paper will be left at Garisart and the winning team will scan/take a picture and send the scoring paper by email to the organization email address).
12. All winning sets will be counted on the final score, plus 3 points that will be added for the winner company, 2 points added for each company in case of draw, and 1 point added for the loser company³.
13. The Tournament Committee members will be made by members of the Europadel Luxembourg board (a minimum of three for any decision to be taken) and one member of Garisart, who will decide how to fix any issue that may arise during the league (Rules, use of WO, non-sportive behaviour, etc...).
