Light Cloud™ Resposable Head/Prone/Heel Positioners

Our Light Cloud™ reusable/disposable foam product line offers an excellent cost saving alternative while providing pressure management attributes. These products are truly unique and wonderful. The doughy soft viscoelastic memory foam is molded to shape and the thin flexible coating is puncture and tear resistant.

**Resposable (Reusable/Disposable) doughy soft, skinned, molded memory foam.
Light Cloud™ positioners can be easily cleaned and reused until the
skin has become compromised.**

LC150
Head Donuts
Overall Dimensions
9"W x 2.5"H
