

Eyelash Extension Consent

I understand that this procedure requires Mink or Synthetic eyelashes to be glued to my own natural eyelashes. I understand that it is my responsibility to keep my eyes close and be still during the entire procedure, until my eyelash tech tells me to open my eyes. I understand that some risks of this procedure may be but not limited to eye redness and irritation. The fumes from the adhesive may cause my eyes to tear up if I open them.

I agree to disclose any allergies that I may have to Latex, surgical tapes, cyanoacrylate, etc. I understand that I am required to follow the Lash Infinity Eyelash Extension care sheet in order to maintain the life on my extensions.

What are eyelash extensions? Individual Synthetic Mink eyelashes. They are attached one-by-one to each individual natural eyelash – not the skin. This service is beauty enhancing and eliminates the need to wear mascara. Eyelash Extensions are not for everyone. This is a high maintenance beauty treatment that requires gentle care for the lashes to remain in good conditions and long-lasting. It is a meticulous service which requires skill and precision of a Certified Eyelash Extension Technician. Once the eyelash extensions are applied, they are so natural looking that it is difficult to tell that you have extensions on! Size availability ranges from short to long which will be discussed and agreed upon in the initial consultation.
