## SUSTAINABLE BUILDING and LIVING WORKSHOPS

### Cordwood Sauna Workshop

Instructor: Dan Payne  
September 13-15<sup>th</sup>, 2013

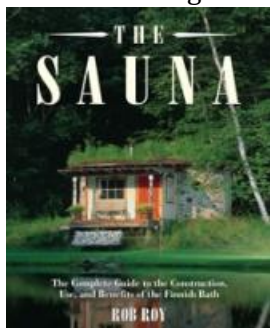

Photo provided by: Cordwood Sauna built in northern New York at Earthwood Building School workshops. [www.cordwoodmasonry.com](http://www.cordwoodmasonry.com)

Cordwood construction (cordwood masonry or stackwood construction) is a term used for a natural building method in which “cordwood” or short pieces of debarked tree are laid up crosswise with masonry or cob mixtures to build a wall.

Cordwood construction is an economical use for log ends or fallen trees.

Workshop includes hands on instruction of material usage and design in building a beautiful Cordwood Sauna.

Included is a signed copy of Rob Roy’s “The Sauna”.

Onsite -Camping and Outdoor Shower Available  
Garden Fresh Meals Provided

Saturday evening includes live bluegrass music around the campfire and Star Gazing “FREE” of charge.

Workshop Cost: \$275 per participant/Couple \$425 (Limited scholarships available, please inquire)

Space is Limited- Register today at: <http://www.EnvironmentalEnergyConsultants.com>
