

## Find the Animals for Noah's Ark

*Help each other find the hidden animals to fill Noah's ark!*

### How to Play:

Cut out small squares of paper and put an animal sticker or a clip art picture of an animal on each piece. (Included are some animals you can use) There should be two of a kind for each animal and seven of the kind of clean animals. You can make as many as you like.

You can make a little ark out of felt or brown paper or you can use a little basket and pretend it is Noah's ark!

Have the children go to another room while the animals are being hidden around the room.

When all animals are hidden, have the children come out and look for them. When they have found a pair, they can put them in the ark. If one child has the matching animal of another, trade with each other to complete a pair.

Once the ark is filled with the animals, the game is finished!

**Another idea!** 

You can also use the animal pairs to play the matching memory game.
