The **round metal gong** of the Cordillera known locally as "**gangsa**" is a symbol of the upland people's culture that has been passed on from generation to another.

The **profile of a person blowing a "tangguyob"** represents a community being called for an important matter or action.

The **lines that shape the mountains, the rice terraces, clouds and rivers** symbolize the connectivity and flow of human interaction in a geographic area such as the Cordillera.

All the symbols combined represent unity and harmony of its people with culture and environment in beating the gong for self determination
