Tomas Chamorro-Premuzic reveals that, beyond making you feel good, high confidence has no genuine benefits, and it may even be self-destructive. Whether you only ever buy one microphone, are equipping a studio on a budget, or have a vast selection of great mics to use, you'll

learn to better use whatever tools you have. The essays here manifest Trudgill's conviction that linguists must make every effort to study minority languages and dialects before they vanish.
