United Way of the Columbia-Willamette 

We seek our next Sr. VP of Culture, Equity & Operations

United Way of the Columbia-Willamette seeks a transformational leader to advance the organization's work around culture, equity and operations

For 100 years, United Way of the Columbia-Willamette (UWCW) has been working to meet the needs of vulnerable families in our region. No matter the crisis, we have always remained steadfast in our commitment to LIVE UNITED and take care of our community.

We are committed to rebuilding and reimagining more equitable and resilient communities. Last fiscal year, UWCW served 100,000+ kids and families and invested \$19.9M in the community. We put racial equity at the center of our work because research shows that kids and families of color face social and economic disparities that deter the progress of our community as a whole. We work with organizations to address these disparities and to create a region where all families have the resources and opportunities to thrive.

Our next Sr. VP of Culture, Equity & Operations will strive to lead the organization in the areas of DEI while developing strategies to recruit top talent that reflects the diversity of the communities we serve. Our next Sr. VP of Culture, Equity & Operations will:

- Have 8+ years of experience developing & implementing a DEI strategy, including an organization-wide action plan, presentations & workshops.
- Advanced knowledge of HR laws/guidelines/best practices, experience implementing policies that comply with the evolving workplace.
- Have a proven track record of recruiting & retaining diverse talent, developing a market-competitive salary/benefits structure.
- Value collaboration, inclusion, different perspectives & cultures.
- Be effective at enhancing work culture, building morale and supporting employee development.

WE OFFER MORE THAN A MISSION

- The opportunity to work closely with a CEO, Leadership Team and Board of Directors committed to advancing racial equity within the organization and in the community.
- A mission-driven culture committed to working with diverse communities.
- A work culture that is collaborative and supportive of a healthy work-life balance.
- Participation in local and national conferences and culturally-specific leadership programs.
- A comprehensive benefits package.
