

Level 3 Diploma in Healthcare Support Services

Who is this qualification for?

The Level 3 Diploma in Healthcare Support Services is suitable for professionals who want to establish their career in the healthcare industry within any care facilities. You would be able to ensure health, safety, and wellbeing, as well as promote equality & inclusion in care settings.

This accredited certification is particularly for those who are interested in acquiring adequate knowledge in the core skills of a care worker and understand the key practises and principles of a care facility environment effortlessly.

After the course is completed, it could lead to employment in various support roles such as an administrator, caretaker, cleaner, customer service manager, kitchen supervisor, personal assistant, receptionist, or technical support person.

Assessment method

The qualification will be assessed by a portfolio of evidence.
