RDPE funded Project to tackle Sheep Scab on Exmoor and the surrounding areas

We are seeking farmers to work in clusters on Exmoor and the immediate surrounding areas to demonstrate the effectiveness of a community-led approach to reduce the incidence of sheep scab

Led by the Moredun Research Institute who have been successful in securing Defra / RDPE funding; a collaboration between The National Sheep Association and the Exmoor Hill Farming Network, will work to deliver the project in the South West.

This project will include free blood testing, on farm veterinary advice and training to enable a coordinated approach to controlling sheep scab.

We would like to invite you to attend one of a series of farmer focused meetings to find out more about what is involved. Join us on:

Monday 7th June or Thursday 10th June 2021 at 1pm -2pm
Tuesday 8th June or Monday 14th June 2021 at 7pm- 8pm

We are working closely with your local veterinary practices and SQPs.

If you are unable to access zoom but would like to find out more, in confidence please contact one of the local coordinators below.
