

*“Love is not patronizing and charity isn’t about pity, it is about love.
Charity and love are the same”*

- Mother Teresa

As a dedicated not-for-profit organization, we are continually looking at several approaches that improve the well-being of the underprivileged individuals within Dekalb County. From financial assistance to giving basic necessities such as food, clothing, and learning resources, your charitable hand will go a long way in improving a life, and brightening a smile. We also actively support the teens and youth in keeping them out of trouble, and guiding them towards a successful, sustainable future.

While we would like to respond favorably to all disadvantaged communities, understandably, the needs are far greater than our allocated resources, and we are unable to accommodate them all. We, therefore, request your benevolence in fully transforming our mission into a reality. Whether an individual or organization, every donation will undoubtedly make a significant positive difference in somebody's life. We allow you to choose where to place your help - from donating physical goods, to donating money and sponsoring a teen through our H.O.P.E program – your gift becomes a lasting opportunity.

We have put strict policies to guarantee that we remain authentic and transparent to this cause, and account for every donation. In return, you will enjoy the tax reliefs that come with your generosity, as well as the pleasure of knowing that you have kept our project alive. All donators will be publicly listed across our social media pages and affiliated websites, unless they wish to remain anonymous.
