Turner, Yale University Dr. Gregory Francis Viggiano. If You're a Student Buy this product. Authors Donald Kagan, Steven Ozment, and Frank Turner define how the West has interacted with other cultures, and show how the history of Western civilization can shed light into global challenges today.

In order to help students achieve a thorough understanding of Western civilization, the 12th Edition has been updated to reflect recent developments — in the West and beyond. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience — for less than the cost of a traditional textbook. Learn more about Revel. Engaging features and updated coverage help students understand the Western heritage — and how it remains relevant Captivating features in each chapter engage students in their study of the West. Updated - Compare and Connect features present two or more documents reflecting different viewpoints on a controversial topic and prompt students to make connections between the documents. Accompanying illustrations and discussion questions get students thinking critically.

This engaging feature encourages students to evaluate visuals as historical documents, not simply pictures to look at. The West and the World essays compare key Western social or political developments with related developments in other cultures. Updated - Thoroughly revised content provides up-to-date context for shifts in the evolving story of Western civilization.

Highlights of new and updated topics include: the resurgence of Russia under Putin, including the invasions of Crimea and Ukraine the rise of ISIS, as well as the Arab Spring protests the papacy since the death of John Paul II recent developments in the European Union, including the migration crisis and Brexit changes marking the start of the Trump presidency an exploration of the future of renewable energy Updated - Striking and informative images of historical figures, events, objects, sites, and period art and architecture bring the West to life.

Over a third of the more than images are new to this edition. Updated - An expanded list of key terms and definitions at the end of each chapter facilitates comprehension and review. Dynamic content designed for the way today's students read, think, and learn brings concepts to life Embedded videos enhance the text narrative and illuminate key content. New - Artifacts as Evidence videos focus on a wide range of unique artifacts that explain and illuminate the Western heritage. New - History experiences allow students to learn through virtual exploration of historical sites.

Each immersive experience combines degree photographs and videos with sound, images, and text to help bring the past to life. Interactives integrated directly into the author-created narrative keep students engaged as they read through each chapter. Custom-built interactive maps and diagrams , with clickable layers, panning and zooming, rollover annotations, storytelling progressions, and related functionality provide students with multiple ways of engaging with visual content.

The Revel mobile app lets students read, practice, and study — anywhere, anytime, on any device. Content is available both online and offline, and the app syncs work across all registered devices automatically, giving students great flexibility to toggle between phone, tablet, and laptop as they move through their day. The app also lets students set assignment notifications to stay on top of all due dates. The writing functionality in Revel enables educators to integrate writing — among the best ways to foster and assess critical thinking — into the course without significantly impacting their grading burden. Self-paced Journaling Prompts throughout the narrative encourage students to express their thoughts without breaking stride in their reading.
