

During Adam's recent passing, I have personally experienced exactly what Adam meant when he spoke about the "brotherhood" of his fraternity. Members of his TKE family graciously set up a GoFundMe campaign to raise funds for his funeral arrangements without hesitation.

Adam's fellow fraters were his family, his brothers, his mentors, and his friends. Adam promised me his brothers would take care of me after his passing, and each of you are helping him keep his promise to me.

My promise to Adam is to give back. The scholarship fund and donations to the local Beta-Psi Chapter are truly the least I could do to help give back just as others have so generously given to me during such a difficult time.

With that being said, although his passing has been hard on many people, Adam would still want to stir up some positivity to help promote the local Beta-Psi Chapter during a time when it is greatly needed. Every single TKE member that has reached out to me has displayed the most honest and beautiful characteristics of "Love, Charity, and Esteem."

The Beta-Psi Chapter will always have a special place in my heart for the love outpoured to both Adam and myself, and I am forever grateful for the chance to have Adam's legacy live on through this scholarship.

Sincerely,  
Brittany Burns
