

**Possible Special Board Meeting
Friday, May 24,2019
Snug Harbor Lane
12 noon**

A Dayton resident has requested and was given permission by the DNR to fill in a channel connecting two sides of Columbia Lake. This meeting is with a Dayton Supervisor and the contractor drawing up plans.

The Town of Farmington concern is what will happen to the north side of the culvert regarding silt buildup with no water flow once the south side is blocked off.
