EXTENSION

To the buyers:

Welcome to the 2021 Hettinger Ram Sale!

The North Dakota Lamb and Wool Producers Association has made every attempt to ensure a high-quality offering of purebred and commercial rams.

North Dakota Lamb & Wool
Producers Association

1. All rams have been sifted by a committee of three breeders and a veterinarian. Rams have been Elisa tested within 30 days of sale or are from current Brucella Ovis-free flocks.
2. All rams must originate from flocks that have been inspected and found free of foot rot.
3. Minimum weight and scrotal circumference:
 - Yearlings 220 pounds and 32 centimeters
 - Lambs 120 pounds and 30 centimeters
4. All animals must be bred and owned by the seller.
5. Registration papers and the cost of transfer are strictly between the buyer and seller.
6. All rams will be guaranteed breeders (ram lambs are not subject to guarantee in year of purchase). The guarantee is between the buyer and seller.
7. Health papers will be available for out-of-state buyers.
8. The catalog is arranged in the sales order by breeds, then individual breeders. Ewes will sell first, then the rams. Ewes will be sold at gate cut.
9. Phone bids will be accepted by the Sale Committee and NDLPWA board members. See numbers below.

Please enjoy viewing this year's consignments and visiting with your fellow sheep producers.

Lot 1	Flock No. 20018	Yearling ram	2/22/20	Triplet
Lot 2	Flock No. 20023	Yearling ram	4/30/20	Twin
Lot 3	Flock No. 21007			

All of these bucks have a National Sheep Improvement Program (NSIP) maternal index of 111 or higher.

The two yearlings are out of John Carlson bloodlines

and the buck lamb is out of my new buck from

Meinders Stock Farm. Both sires excel in maternal traits.

Roselawn Legacy Hampshires is now the source of traditional Hampshire sheep in America.

We purchased the Hubbard Roselawn Flock and Stud Battery in the summer of 2017. This flock is the oldest continuously registered flock in the U.S. Sheep are moderate size, heavily muscled, traditional Hampshires capable of being raised on grass with limited supplementation. Rams will be RR or QR. Capable of being registered for an additional fee. Production records available on the day of the sale.

Our consignment consists of three uniform ram lambs sired by our new Plaza Hamps ram and our Schiefelbein ram that we have had success with for the last two years. We strive to provide fast-growing sheep that maintain structure and breed character. These rams epitomize these characteristics, each gaining 1 pound a day from weaning to 120 days, with great structure. Pictures will be posted to our Facebook page – James Valley Stock Farm.
