From the Prez

Happy New Year!

I hope everyone has survived the holidays and is enjoying a brand new year! Let's get things started off right with a fantastic shell show in February! We will have sign up sheets for volunteers and sponsors for awards available. We really need all hands-on deck this year. Donna Cassin is no longer able to physically participate due to health problems so the board is relying on everyone to step up and take part by volunteering to help in all capacities. We will need members to help with some food donations (more about that at the meeting) sell tickets, man the club table and Duane's shell table. We need volunteers on Wednesday before the show to help with the table cloths, we need people to help with measuring spacing for the scientific and for artisan's exhibits (very important, obviously!), also, to load and unload the truck both before and after the show.

PLEASE help in whatever way you can!

Regarding field trips: At this point in our season, I will be looking to reschedule the Boca Grande trip again in either March or April. Also, if anyone is interested in trying Peanut Island again this year, please let me know, otherwise I won't schedule one. I am looking at a possible overnight trip to Key Largo. If anyone would be interested, tell me so I can determine if it is worth the effort to plan.

Historian's Report

50 Years Ago

Twenty-five members attended the January 8, 1970 meeting of the Sarasota Shell Club. The treasurer's report showed a balance of \$1459.09.

Among items in the minutes: 1. The Christmas party was a great success. 2. A member made a recent trip to the Everglades to collect tree snails. 3. An opportunity for the club to provide shells for an exhibit at the Sarasota Jungle Gardens.

Louise Danforth gave the program on how shells were used in various cultures: the Philippines and Fiji were mentioned.

25 Years Ago

The meeting room at Mote Marine was "filled to capacity" with members and guests for the January, 12, 1995 meeting of the SSC. No treasurer's report; treasurer was sick.

Shell show report: "Everything is moving along fine."

Florence Kuczynski from St. Petersburg gave the program; the focus was a shelling trip to Washington State.

OPPORTUNITY TO GIVE BACK TO THE CLUB

As you know, the Sarasota Shell Show is run by committed SSC members who volunteer their time to this yearly endeavor which supports our Sarasota Shell Club.

Volunteering opportunities remain for the categories listed below (others are filled). There are 2 shifts per day for 3 days. Please consider signing up for one shift (or more if your heart so desire). Sign-up sheet will be available at the next meeting. If you will not be attending the next meeting, please email Nancy Cadieux with your choice/date/Morning and/or afternoon shift:

Nancy.cadieux2013@gmail.com

Entrance table:

2 volunteers per shift sell the admission tickets and maintain a log of how visitors learned about the show. Time flies at this table!

Membership table:

2 volunteers per shift explain the activities of our club, provide brochures and assist with the completion of the membership application. Many visitors are interested and stop at this table to ask questions.

Raffle table:

2 volunteers per shift explain how the raffle works and sell tickets. Usually quite busy.

Artisans table:

4 volunteers per shift show the beautiful Artisans' creations, state the prices and wrap up the purchases. Chairman Donna Bartels handles the money.

Protection of artisans exhibits:

1 volunteer per shift walks around the exhibits, gently reminding anyone not to touch a display when applicable.

Lunch area for volunteers:

1 volunteer per shift to ensure that only SSC volunteers have access to a free lunch and that the area is maintained clean.

December's Membership Meeting.

18 members attended the membership meeting on December 12th. The shoebox function was canceled due to lack of participation.

The highlight of the meeting was President Sally's hand-made sugar plums (pictured on the left).

A Tribute to Tom Watters

It was with deep sadness that I learned of the passing of curator, husband, malacologist, field biologist, father, and friend, Tom Watters at age 66. Losing Tom far too early deprives the science of malacology and the community of shell enthusiasts of a brilliant taxonomist and a wonderful friend.

I had the privilege of learning to know Tom on a trip led by Peggy Williams. He was one of the best field biologists I have ever encountered, knowledgeable about terrestrial, marine, and freshwater, snails and bivalves. Although the literature in the science of memory suggests even the best can only retain around 600 scientific names, Tom must surely have exceeded that by two or three standard deviations.

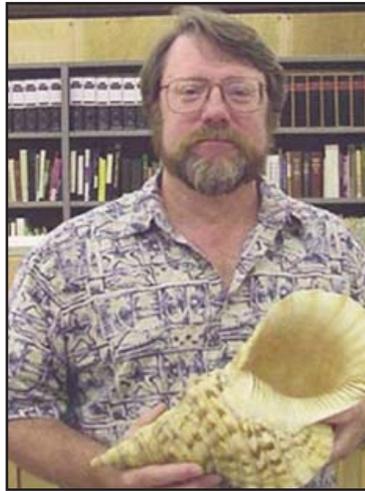

Indeed I hold Tom responsible for my interest in terrestrial snails. Two examples: 1. On a Peggy W trip, I was Tom's roommate. He disappeared. I went to find him and discovered him behind the hotel on his knees digging in the leaf litter. I wondered why and he soon had me digging in nearby leaf detritus to find the small terrestrial snails he knew would be there. 2. On a trip

to Eleuthera we had to stop frequently (very frequently) to collect the land snails of genus *Cerion*. Tom said the literature indicated 17 species (or subspecies) on the island from north to south. He was determined to find them all!

I always enjoyed hearing about Tom's work on endangered freshwater mussels in both formal speeches and around-the-table conversations. Those informal conversations were especially delightful, for Tom had a wonderful sense of humor. After discussing malacology, I would always try to bait him into describing his encounters with, and descriptions of, airline security personnel and/or university bureaucrats. His descriptive skewers were delightful.

All who knew him will miss Tom immensely and I send my deepest condolences to his wife and three young adult children. On this sad occasion I will note that THE Ohio State University has lost a great employee (even if I will continue to insist it is equally THE University of Illinois as well!).

St. George island Field Trip

Eight SSC members traveled to North Florida on December 26 & 27 to shell the beaches of St. George island. Shelling was average but the remainder of the trip was relaxing and the chance to feast on North Gulf seafood.

Sponsorships Available for 2020 Shell Show's Major and Special Awards

Each year hundreds of people flock to the annual Sarasota Shell Club's Shell Show to see all the exciting scientific and artistic exhibits. Many hours are spent by the entrants to make sure their entry is the best it can be. To recognize these efforts, the shell club presents Major and Special Awards to the best of the best. These awards have been made available through the generosity of our club members who sponsor these awards. Volunteers and Snacks/Beverages Needed for Upcoming Shell Show

The Sarasota Shell Club's 57th Annual Shell Show is just around the corner—Feb. 7-9! Of course, there are a million details to attend to at this point. At the January meeting we will have volunteer sign-up sheets for the various positions to help out. If you are unable to make the January meeting and are willing to volunteer some time, email or call Pres. Sally Peppitoni to let her know how you can help.

We also will have a sign-up sheet for food and drink items needed. Please help by bringing these items to the Potter Building on Wednesday or Thursday just before the show. If you can't make it then, please bring it either Friday or Saturday of the show. If you have any questions, please contact Bruce Paulsen at sarasotashellclub@gmail.com or by phone at 941-375-8158.

What we need are:

- Water: cases of bottled water.
- Packages of small bags of potato chips or pretzels. The odd assortment of chips often go to waste, so please stick to the basics.
- Individual size bottles of iced tea: sweet and unsweet.
- Large trays of cookies.
- Diet and regular soda pop: Pepsi, Coke, 7-Up.

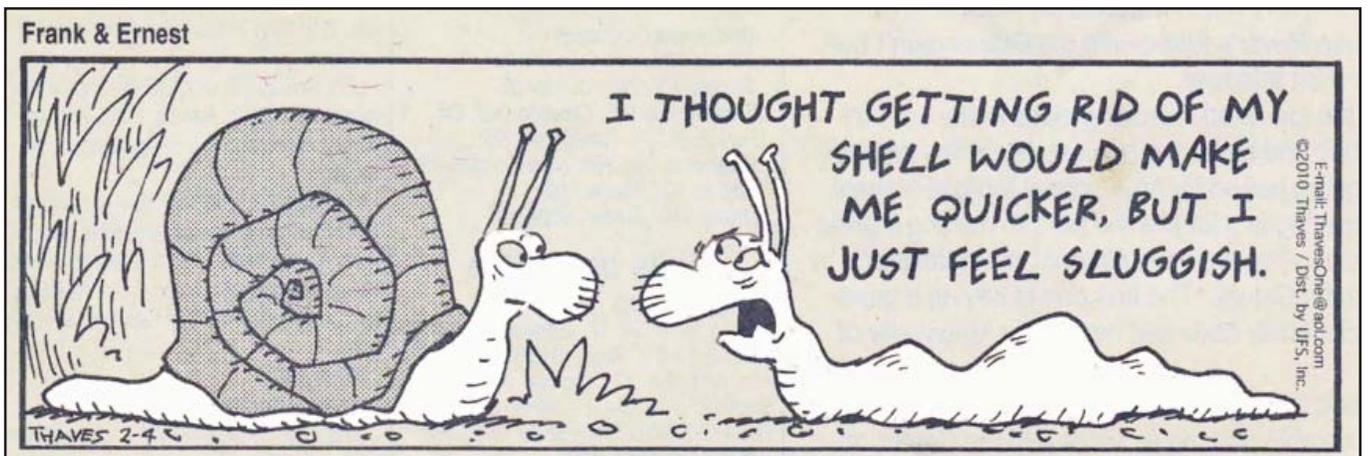

All food products must be in sealed packaging from the store. Due to food sanitation regulations, we cannot make our own food and bring it into the Potter Building to serve to the vendors or our volunteers.

Thank you, in advance, for all your help and we look forward to seeing you at our shell show!
