

## **President's Message, November 2021**

Hope you made it through Halloween without too much chocolate.

Our Long Island Ambassadors, myself included, had such a good journey in October. Our hosts went out of their way to show us the sights. We will share our trip at the November meeting. A heartfelt thank you to Mair who did an excellent job as Outbound AC.

Looking for a few volunteers for Friday, December 4 to pass out FFI info in conjunction with SPIFFS. It is Holiday Tree Lighting and Stroll Around the World, and SPIFFS will have a table we can share, help us, help. If you're interested let me know at [140gecko@gmail.com](mailto:140gecko@gmail.com).

Of course reminders: Please renew your membership...we want your smiling face in our directory. Please RSVP and pay for holiday party. Again, we want you there. We will collect underwear and socks for children at party this year and Geri will deliver them.

November meeting will be at Seminole Community Library. December is holiday party, so no meeting. Starting in January we will be back to our pre-Covid meeting place, St. Pete College Library on Drew. Address and exact room number will be provided once I'm sure of details. This is great news.

Hope to see you at November meeting. Dine out after will be at Miller's Ale House.

In friendship,

Gena Cameron
