

Fireside Fellowship:

Approved by God:

1. What are the results of the gospel in our own life?
2. What kind of opposition do we experience in living out the gospel? How do we stay committed to Christ through it?
3. What are some differences that can be seen in the lives of those who are sincere in their promotion of Christ as opposed to those who are promoting Christ for selfish gain?
4. What are some ways in which we might end up seeking the praise/popularity of people rather than Christ? How might we be tempted?
5. Think of the imagery of Father and Mother. Are we being a spiritual father or mother to someone else for their spiritual growth? Who is doing that for you?
