Blitzer draws on his unique background in mathematics and behavioral science to present a wide range of vivid applications in real-life situations. With the new edition, Blitzer takes student engagement with the mathematical world to a whole new level drawing from applications across all fields as well as topics that are of interest to any college student e. Applications are also brought to life online in a new, assignable video series that

explore the entertaining and mathematical Blitzer Bonus boxes. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them absorb course material and understand difficult concepts.

The new edition continues to expand the comprehensive auto-graded exercise options. In addition, MyLab Math includes new options designed to help students of all levels and majors to stay engaged and succeed in the course. Add to Wishlist. Sign in to Purchase Instantly.
