<title>The New Scum Fix - Words. Art. Music. By the people, for the
people.</title>
<description>The New Scum Fix is a semi-weekly podcast featuring Zach
Elmblad, owner of The New Scum Productions; and Ken Kennedy, contributing
artist. The New Scum is a new media production company based in Kalamazoo,
Michigan. We have opinions on all things human and earthly, and we wish to
present them in an intellectually entertaining yet challenging dialectic. We
seek metaphysical, existential, moral, political, epistemological, and
sociological clarity in a senseless world.</description>
