4.

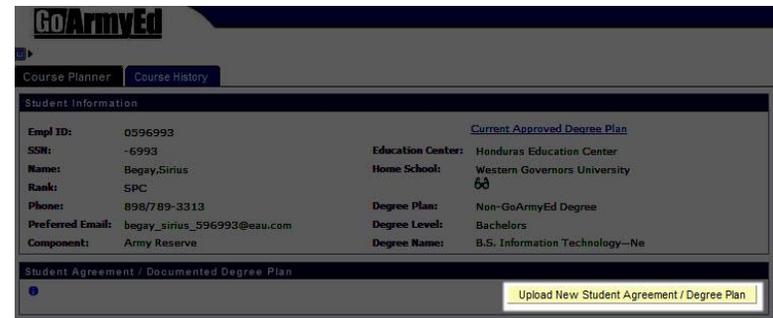

Why is the Course Planner required?

- Army Regulation 621-5 requires that Tuition Assistance only be approved for courses that advance a Soldier toward his or her degree.
- In the past, Army Education Counselors manually validated each TA Request against Soldier degree plans posted to their eFile.
- Course Planner automates these checks and speeds approval of your future TA requests.
- Course Planner is required of you by the time you have completed six (6) Semester Hours with your home school or nine (9) semester hours at any school using Tuition Assistance.
- Even if you previously had an approved degree plan uploaded to your GoArmyEd eFile completion of Course Planner is required.

5. **What do I need from my school to complete the Course Planner?**

- Before you start your Course Planner you must first ensure you have a current official degree plan from your home school. You will be required to upload a copy of this student agreement/documented degree plan to the Course Planner if you do not already have an approved degree plan in your eFile.
- Your official degree plan **MUST** reflect the current degree you are pursuing at your home school including transfer credits, prior military learning (if applicable) and ALL remaining courses you need to complete your degree. Contact your school advisor if you do not have a complete degree plan from your school, as they are *required* to provide this to you.

A Student Agreement / Degree Plan includes:

- Transfer credits
- Prior military learning (if applicable)
- ALL remaining requirements that you need to complete your degree

6. **Where can I get help completing my Course Planner?**
- Two Step-by-step Instruction guides are available via links on the Course Planner. Launch these training guides to follow Step-by-step Instructions on completing your Course Planner and, once approved, enrolling in a class using the Course Planner.
 - Contact your school academic advisor if you do not understand the degree plan your school provided you.

7. **How long will it take to complete and gain approval for my Course Planner?**
- If you have an official degree plan from your school, completing the Course Planner should take no more than 30 minutes.
 - After you submit your Course Planner it will route to your school or Army Education Counselor for approval. Approval may take several days to process.
 - Plan ahead! After completing six semester hours at your home school, you will not be able to request additional Tuition Assistance until your Course Planner is approved.
 - If your Course Planner is approved including all courses you need attain your degree, you will not need to submit a Course Planner again for the remainder of your degree progress (unless you want to make modifications to your plan).

- If you have an official degree plan the Course Planner takes 30 minutes to complete.
- Your Course Planner will be approved by your school or Army Education Counselor in a few days.
- If approved, you will not need to submit a Course Planner again (unless you change your plan).

8. **What are the basic steps I need to complete the Course Planner?**

1. Get an official Student Agreement / Documented Degree Plan from your school
2. Select the Course Planner Smart Link on your GoArmyEd homepage
3. The first step on your Course Planner is to upload your degree plan
4. Next enter the number of remaining units you need to graduate (this should be provided by your school on the degree plan)
5. Select the **“Select School”** button to select the school from which you plan to take a course.
6. If the course you wish to take has been uploaded to GoArmyEd by your school, you will be prompted to search for the course to add it to your Course Planner. If the school has not uploaded the course you need, manually enter the required course information.
7. Add courses required to complete your degree to your Course Planner.
8. Submit your Course Planner for approval.
