

## Santa Claus

*The North Pole*

Dear Santa Claus,

Dear Santa, we would love to tell you how good we've been this year.. Is first time we will meet you because we are the youngest members of Sava's gang, we are so excited waiting for you! We will work to prepare shelter with lots of Christmas decorations, and promise we will not chew it before you come!

Dear Santa Claus, we all are praying to get a family under the Christmas tree! We know that there are thousands of puppies brought home on Christmas day and we hope all these puppies will be a forever family member.

Santa, if you can not bring us a family, at least help us to make our life easier and funnier in shelter.

Our wish list is

- ✧ Toys and chew sticks;
- ✧ Special puppy food;
- ✧ Internal and external worming treatment;
- ✧ Biscuits

Love,

Puppies from Sava's Safe Haven
