Cool Country is a non-profit organization whose main objective is to raise funds to contribute to local charities and organisations, through music. We rely on the support of the community and club members to continue this work, whilst providing an avenue for people with a love of music and singing that may otherwise not have an opportunity to sing and play. We are continually searching for new members to boost our ranks, contributing to the overall mutual enrichment for all associated with the club. *So... if you play an instrument or enjoy singing, come and join us.*
