Timeless Wisdom ... EVOLUTIONARY VISION

Journey of Becoming

DECEMBER

The thing that is really hard, and really
amazing,
is giving up on being perfect and
beginning to work on becoming yourself.

Welcome to December!

Before I get to December's message, I'd like to take a minute to introduce myself.

My name is Bill Smith and I am the newest licensed Practitioner in our St. George Center for Spiritual Living. I began my interest in Religious Science ten years ago at CSL Temecula Valley

Sacred Covenant

There is only One Life.
That Life is God's Life.
That Life is Perfect.
That Life is my life now.

In knowing that...

California. I felt an immediate resonance with our teaching and began to take classes for my spiritual development. I moved to the Hilltop CSL in Fallbrook CA in 2014, continuing my classes under the guidance of Rev. Guy Williams. I served on the Board of Trustees there for three years and as President of the Board for a year. I began my practitioner training in 2019 and received my license this past July.

About a year ago my wife move to southern Utah. We found a lot in New Harmony and started to build in April. Since then we have been living on site in two RV's along with our 23-year-old daughter and her two children, ages 3 years and 7 months. We are all looking forward to completing the house and moving in over the next month!

During my time with CSL, I have been very active in and thoroughly enjoyed being in service to my spiritual community. I feel that this is vital for me and my community. I am very excited to be in this new (to me) community with a focus on the future – a future that promises the arrival of a new minister and a new physical location. I encourage all community members to focus on our Sacred Covenant and envision our new location. As we all know, our thoughts are creative and envisioning these exciting new changes to our CSL are making them reality.

December's theme is "The Journey of Becoming." To me, this is the perfect theme because we certainly are becoming something different as we attract our new minister and home. In this "becoming", there is also the opportunity for each of us to travel the Journey of Becoming. With this month's four guest speakers we will be enjoying the theme in more detail.

The Journey of Becoming personally is all about examining who/what we are today and making an intentional commitment to move toward the person we would like to be. Oftentimes during this process, we may realize that we are stuck in our present reality. This is where the teaching of Science of Mind and Spirit can be so very valuable in breaking out of this cycle of "stuckness," using our amazing ability to become that which we hold in our vision. CSLSG has several licensed practitioners that would be willing and able to help in this process. If you are feeling stuck and unable to become that which you wish to be, practitioner help is only a phone
