***State Land Office Policy on Communications Regarding  
Oil & Gas Lease Sale Nominations***

**Because the listing of oil & gas lease tracts to be offered for bid is neither finalized nor public prior to publication, the State Land Office will not provide notification of whether submitted or internal nominations will be included in a lease sale prior to publication. Notification of inclusion will be in the form of the published lease sale listing.**

**Acknowledgement of receipt of nominations does not constitute a notification that such nominations will or will not be included in a lease sale.**

**The State Land Office will no longer track submitted nominations beyond the month they are submitted. Nominated tracts will only be considered for the following month's lease sale. If a nominated tract does not appear in the lease listing, it must be resubmitted the next month in order to be considered for a subsequent lease sale.**
