

You can smell the flavor of summer time in this wine made with 100% blueberry juice.

We were thrilled that this was our first gold medal winner. This wine is a tribute to our hometown and the mascot that embodies the rich history of Berwick. Bulldawg pride runs through this wine from the juice used to create it, the label that surrounds it. The two bulldawg represent Steph and me, from the numbers on our basketball jerseys to the instruments we played in band. Although not born into the Berwick tradition like Steph, it did not take me long to adopt this town and the supportive community as new hometown!
