

Men and Women For a Representative Democracy In America

January 26, 2021

The Honorable Kevin McCarthy
Minority Leader
Rayburn House Office Building, Room 2468
Independence Ave. & S. Capitol St., SW
Washington, D.C. 20515

Dear Representative McCarthy:

Our organization, Men and Women for a Representative Democracy in America, is asking why members of the Republican Party are not supporting one another. What has happened to unity in the Republican Party? Remember "A house divided against itself cannot stand." Why did you not take a stand for Congressman Andy Harris? You showed no response at all.

Democrats have no right to control who will be banished from jobs and what books are sold. Alexandria Ocasio-Cortez stated, "We should not allow the following groups of people to profit from their experiences . . ." She means those that elected and served with President Trump. Quite frankly, we expect you to stand against this tyranny in the House of Representatives. This is headed toward socialism - possibly communism. An alarm must be raised. What have you said about these issues in the House and to others in Congress?

How could you state that President Trump bears responsibility for the attack on the Capitol during your interview with Greta Van Susteren? Your constituents in California think differently about Trump's responsibility for the violence that resulted in the death of five people. Our members in California feel you are playing both sides in Congress. It seems to our organization and your constituents that you are in the pocket of Speaker Pelosi and her Liberals, Progressives and Marxists. You are doing nothing to lead us to believe otherwise.

Stand up for the office you hold and stand against this sham of impeachment of President Trump. For that matter, why haven't you sought to impeach Biden yourself? It is well known what he said about using his office to bribe the Ukrainian government to fire a prosecutor who was investigating his son Hunter Biden.

We are grateful that there is a member of the House, Rep. Marjorie Taylor Greene, from Georgia who is a true patriot. She has the support of all our conservative Republican VOTERS across America.

You seem to disapprove of her actions. We do not. The truth should be known.

Sincerely,

Member
