

# SATAN'S MASTERPIECE

## THE ROMAN CATHOLIC CHURCH!

The Roman Whore of Rev. 17:5, 18:4, is Satan's church on earth. He uses it and all those participating in it like puppets on a string. He is the master puppeteer. Lucifer has been controlling that religious business organization since its origin.

The devil uses sexual perversity as one of his favorite tools. For that simple reason there is no doubt what-so-ever that he also controls and manipulates those Roman Catholic priests, monks, and nuns, who honor his religion. In the secular world you will find the devil raising his head in all areas of the arts and entertainment world, he is the ultimate master of entertainment, too bad his entertainment always involves sexual activity from homo's, lesbians, queers, dikes, and trans-genders. His deeds are not only in the secular world but clearly well imbedded in the Catholic Church and all its participants.

Anyone who reads newspapers, watches or streams the news, or listens to the radio, has heard of the endless sexual abuse charges, including pedophilia, against the priests and all those under their control over the last couple hundred years at least. Prior to that period it took place, but the Vatican was able to keep it from being exposed. Today it is common to hear of more sexual perverse charges being laid on a regular basis.

### HISTORY

History provides the facts about the perverse sexual behavior of the papacy and every organization under its control since its origin. The Roman Catholic armies of the Jesuits, Knights Templar, Knights Malta, etc. are all known to have raped and sexually abused women during the Inquisitions, Pogroms, and Crusades throughout the years the Catholics controlled the world. History has revealed the sexual acts and the other atrocities they were involved in during this terrible time on the earth. It is understood now that the Roman Catholic Church murdered more innocent men, women, and children than Hitler, Mussolini, and Stalin put together. They were and still are the MOST EVIL organization on earth. The good thing, is that today, those who dare deny who they really are, can, with little research, read the facts that history now provides for us. Their EVIL deeds cannot be denied anymore than the deeds of Hitler, Stalin, and Mussolini.

The demonic sexual behavior of the priests, who claim "CELIBACY", especially has made it clear to anyone with ears to hear and eyes to see, that they indeed represent the Devil in all their ways.

### CELIBACY OF THE POPES, PRIESTS, AND MONKS

Our Bible tells us clearly that man should be married and multiply, so that there will be much fellowship upon the earth. The Bible warns us of doctrines of devils that would promote celibacy. **1Tim. 4:1-4** *"But the Spirit explicitly says that in later times **some will fall away from the faith, paying attention to deceitful spirits and doctrines of demons, by means of the hypocrisy of liars seared in their own conscience as with a branding iron, {men} who forbid marriage {and advocate} abstaining from foods, which YHVH has created to***

be gratefully shared in by those who believe and know the truth. For everything created by YHVH is good, and nothing is to be rejected, if it is received with gratitude;" The apostles were married, and leaders mentioned were to be the husband of one wife. **1Cor. 9:5** "Do we not have a right to **take along a believing wife, even as the rest of the apostles, and the brothers of Adonai, and Cephas?** **1Tim. 3:2** "**An overseer, then, must be above reproach, the husband of one wife, temperate, prudent, respectable, hospitable, able to teach,**"

Throughout the ages even the Popes have been known for their sexual perversion, extortion, and manipulation practices on the people they were supposed to represent. The following are some sick examples of the traits of Popes of the past:

Pope Sergius 3rd. (904-911) got his position by murder. His reign began the period known as "the rule of harlots" (904-963). His concubine mother was said to be a duplicate of Semiramis. His seven year reign was recalled as some of the worst days of the ancient empire. Pope John 11th. was crowned Pope when he was 12 years old. This illegitimate son (bastard), was the result of an affair of Pope Sergius and a prostitute named Mariosa.

Pope John 12th. of 955 was accused of sacrilege, simony, perjury, murder, adultery and incest by his synod.

Pope Boniface 8th. (1294-1303) committed every crime imaginable, from infidelity, heresy, simony, gross immorality, idolatry, magic, and the death of Celestine 5th. Boniface was known for his sickening phraseology as follows: "to enjoy oneself and to lie carnally with women or with boys is no more a sin than rubbing ones hands together". He was also reported to have called Messiah a "hypocrite" while professing to be himself an "atheist". Later Pope Boniface made the following recorded statement "The Roman Pontiff (Pope), judges all men, but is judged by no one. We declare, assert, define and pronounce: to be subject to the Roman Pontiff is to every human creature altogether necessary for salvation. That which was spoken of Messiah, thou hast subdued all things under his feet, may well seem verified in me. I have the authority of the king of kings. I am all in all and above all, so that God Himself and I, the Vicar of God, have but one consistory, and I am able to do almost all that God can do. What therefore can you make of me but God!"

Pope John 23rd. (1410-1415) was charged by his council with 54 kinds of crimes of the worst imaginable. He was proven to have seduced and violated over 300 Nuns while involved in sodomy, incest, simony, theft and murder.

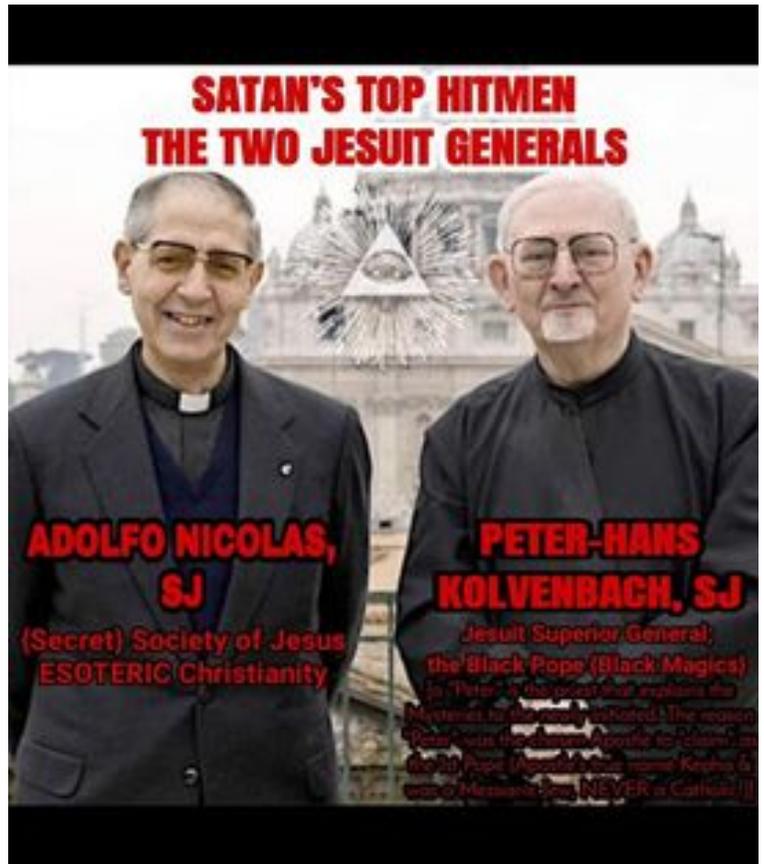

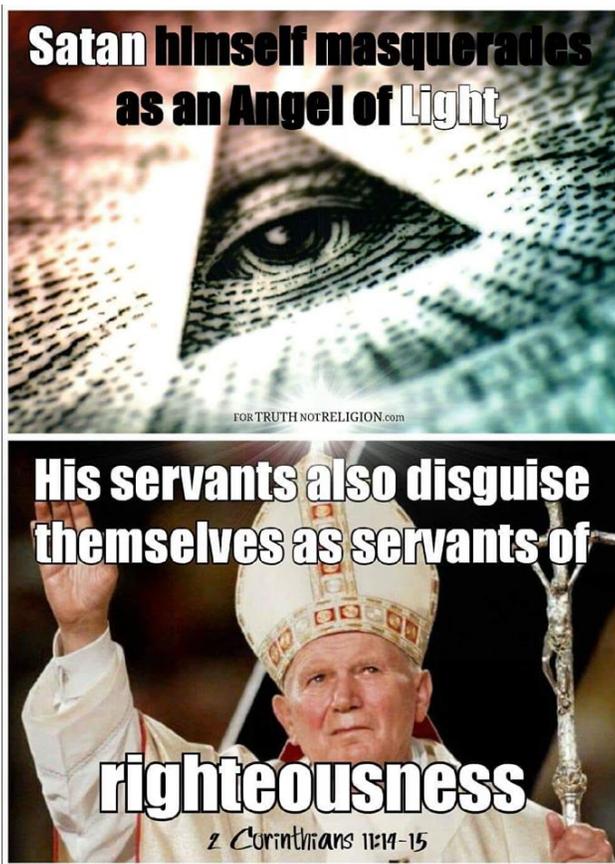

Pope Pius 2nd. (1458-1464) was the father of many illegitimate children. He bragged about the proper way to seduce women and encouraged young men to do so.

The sexual abuse of the "alter boys" in thousands of Roman Catholic Churches has been common knowledge for hundreds of years. These children have been stained for life by the perversion that is part of the daily activities of the Roman harlot, yet you will rarely even hear it mentioned in public. Everyone knows it has been going on for centuries, yet they avoid talking about it because it is embarrassing.

Pope Innocent 8th. (1484-1492) was the father of 16 children of various women.

**The worst example that history provides of papal sexual perverse behavior is in regards to Pope Alexander 6th.** Pope Alexander 6th. (1492-1503), lived in public incest with his two sisters and his daughter,

with whom he even had a child. On Oct 31, 1501, (Halloween), Alexander had a banquet and sex orgy in the Vatican itself with 50 nude girls serving his guests and dancing while offering prizes to the men who could copulate with the most women. Prizes were given to: The men who had the most orgasms, the men who had the most sexual partners, the men who had the most ejaculate, and the men who had the most sex.

Pope Paul 3rd. (1534-1549), while still a Cardinal, fathered three sons and a daughter. He regularly sought advice from astrologers.

When the young Martin Luther first came to the Papal church of Rome he found priests telling indecent jokes and even using profanity during Mass. The suppers at that time were served by 12 servants consisting of naked girls.

**Female dogs not permitted**

The violations in the nunneries, convents and monasteries, were so bad in the 9th. century that **St. Theodore Studita forbade even female animals (even dogs) on monastery property!** In 1477, the night dances and orgies were described by historians as being worse than the public houses of prostitution. The supposed holy men were known as “the husbands of all the women”. Albert the Magnificent, Archbishop of Hamburg went on record exhorting the priests. He said “if you can’t be chaste, at least be careful”. A German bishop charged the priests a tax for each female they kept, and each bastard child that was born because of them. At that time he found through his taxes, that 11,000 women were being kept by the clergy of his diocese alone.

Semiramis, often accepted as the first witch known to mankind, capitalized on man's rebellion against Yah's laws of marriage. She promoted celibacy, which was a religious cover to hide adultery, fornication, homosexuality, sodomy, transgender, and lesbianism. This is where Roman Catholic celibacy comes from. The priests are as far away from celibacy, and the nuns as far from virgin, as east is from west.

According to Hislop, the writer of “Two Babylon’s”, the higher order of priesthood of Semiramis (Ishtar/ Isis), adhered to a doctrine of celibacy. This seems strange considering that many called Semiramis the prostitute goddess of Babylon. Most scholars are familiar with the celibacy established in the early years of the goddess Cybele’s clergy. The city of Rome was thought to be a holy city because of the Papal existence, but the fact is, of its approximate 100,000 population, about 6,000 were prostitutes. The historians have told us that “all the ecclesiastics had mistresses and all the convents were houses of bad fame”.

It wasn't just the children, women, and young men who were abused by the priests and monks, they also raped the nuns working with or under them (pun intended). To understand the involvement of the nuns

from the origin of the whore to this day, one needs to look back into the history of the Pagan Fertility Gods, and Goddesses that the Roman Catholic Religion adopted when it became a so-called Christian Religion.

# ISHTAR EGGS

HOW DOES THE RESSURECTION OF Y'SHUA HAVE ANYTHING TO DO WITH EGGS THAT WERE ONCE DIPPED IN THE BLOOD OF INFANTS AT THE ALTAR OF THE FERTILITY GODDESS ISHTAR? CAN WE REDEEM SUCH A PRACTICE?

## Believe it or not?

The words of Cardinal Peter D'Ailly spoke of the early Roman nunneries as places of immorality, and said that "taking the veil" was simply another mode of becoming a public prostitute.

## Dead babies

In Seville, Spain in about 1934 and, in Madrid in about 1932, the governments of the presidents Aznar and Manuel Azana demanded a National investigation be made of all Roman Catholic schools, monasteries, church buildings and convents because of the sexual perversion being reported. **Their investigation found many baby skeletons hidden in the caves and tunnels underneath the monasteries and convents. These skeletons were found to be that of children of nuns who were copulating with the priests and monks.** The children were proven to have been put to death by suffocation, and hidden underground so the world would never find out. As a result many church

buildings were destroyed by the Spanish people themselves. The stories of such incidents were covered up by the Vatican and very few others ever found out.

## From a witches perspective

I speak the following as a witness to what a High Priestess witch revealed to me personally while I was used to deliver her from the enemies camp back in the year 2000. She shared hundreds of stories of what went on in her various Satanic Covens, especially in the Edmonton Alberta area in Canada. Roman Catholic Priests were involved in some of her testimony of her encounters, so I thought I would share what she revealed

to me. For those with a weak stomach, I suggest you do not read the following.

Her coven used to periodically meet for sacrificial services and orgies, in an old shed, (garage), in the middle of the property of a well established Roman Catholic Church on the outskirts of Edmonton. Some of the local Catholic Priests used to attend the drinking and orgy part of these meetings, especially when the Brotherhood did a "Black Mass" sacrifice. She explained to me how the Catholic Priests in another one of their huge Cathedral hang-outs, would get drunk with them and have sex with coven members on the coffin of the former Catholic Priests kept in the back of the church for posterity. Coven members frequently visited these places late at night when only the priest was around. They would drink, get stoned, and have sex with them.

**Note:** This women physically took me to two of these Satanic cathedrals and showed me exactly where these things took place. The places were exactly as she described.

## LAW SUITS

The Catholic Church has been involved in perverse sexual acts of all kinds since the beginning of time. It is only in the last few hundred years that people have become aware of these atrocities. Satan has control of the Vatican through his Jesuits, over almost any organization you can think on earth, so they have to managed to hide the facts until recently. Now, with the advent of the internet system, truth can be found with proper

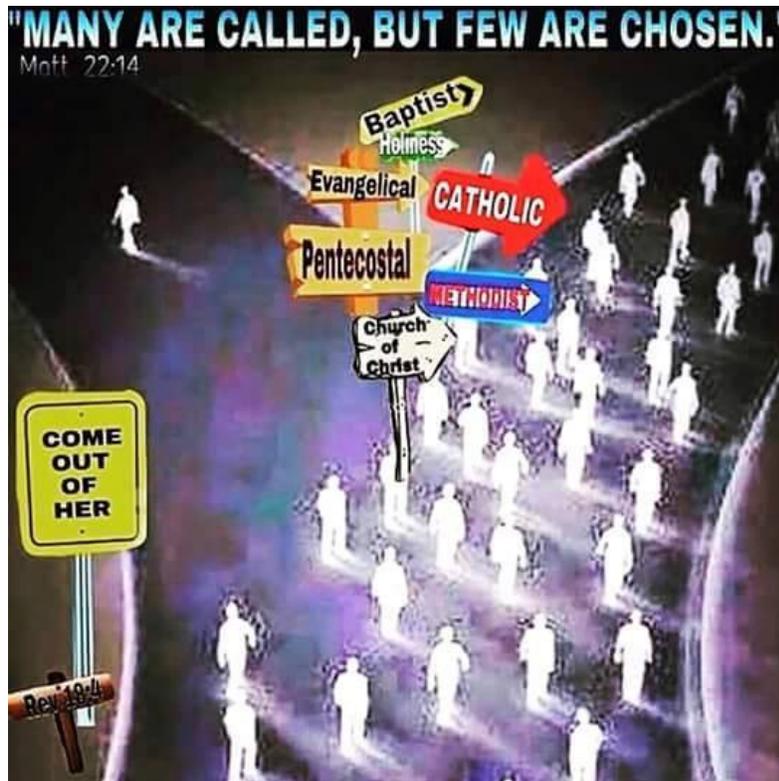

research. If you search Catholic law suits online you will be amazed at just how horrific the situation has been, and still is over the years. Today it is possible to read about, and fact check the results of some of those law suits as they are made public.

**While the Catholic Church has faced lawsuits around the world over allegations of clergy abuse, how much the Catholic Church has paid in settlements worldwide has never been determined. However, according to the nonprofit organization Bishop Accountability, the church has recently paid out more than \$3 billion in major settlements and awards in the United States alone. Some groups believe this number underestimates by nearly \$1 billion the actual cost to the U.S. church for covering up clergy abuse for nearly a half-century.**

Clergy abuse occurs around the world, and the number of cases is far higher than anyone expected. It is difficult to get an accurate number of worldwide cases, but organizations have begun tracking the cases. In the U.S. alone through 2009, Bishop Accountability reported more than 15,000 allegations made to Catholic bishops.

To ease the stress on the legal system and to give victims the resources that they need to support a case, large groups of victims have banded together to file class-action lawsuits. One of the largest settlements involved the Archdiocese of Los Angeles and awarded \$600 million to a group of more than 500 victims abused by 221 individual clergy members. Victims also have filed many individual cases against clergy members.

According to BishopAccountability.org, the average settlement for clergy sex abuse victims is approximately \$268,000. However, some survivors have been awarded larger sums. For example, each victim in the Los Angeles Archdiocese 2007 settlement received approximately \$1.3 million.

Out-of-court settlements of civil suits are an important aspect of the Catholic clergy abuse situation in the United States, but they are by no means the only possible outcome of an abuse allegation. We have documented settlements involving 5,679 persons who allege sexual abuse by Catholic clergy. These survivors are only one-third of the 15,235 allegations that the bishops say they have received through 2009, and they are only 5% of the 100,000 U.S. victims that Fr. Andrew Greeley estimated in a 1993 study. Important as these settlements are, they represent a minority of known cases, and **a tiny fraction of all the abuse perpetrated by Catholic clergy.**

A decade-long court battle between the Roman Catholic Diocese of London and its insurance company has disclosed \$15 million in largely secret settlements to people who sued priests for sexual abuse.

The payments — listed in a document filed with London's Superior Court — went to 50 people accusing 12 priests in the diocese of sexual abuse. Settlements are usually kept secret by non-disclosure agreements. This particular court document lifts the veil on that process with a detailed financial portrait of a troubled diocese handling sex abuse scandals that have rocked the Catholic church for years. When legal fees, mediation costs and the price of special reports are included, the total costs of the settlements for alleged abuses that occurred during an eight-year period jumps to \$17.7 million.

The abuses that resulted in the settlements — committed against boys and girls as young as 6 — took place between 1963 and 1971, a period when the diocese's insurance coverage is being disputed in court. The settlements were struck during the last 18 years.

Information from the Canadian diocese list includes notorious predators like Rev. Charles Henry Sylvestre, who pleaded guilty in 2006 to sexually assaulting 47 girls. Eleven of his victims — including a 14-year-old girl who became pregnant by Sylvestre and suffered a botched abortion the priest arranged — received settlements totalling \$5.2 million.

In 2019-2022 the sexual abuse by the Roman Catholic priests and nuns in the Residential Schools that were spread out across Canada was made public. In these schools the children were mentally, physically, psychologically, and sexually abused for over a hundred years without anybody (supposedly), knowing anything about it. The Roman Catholic controlled Government at the time, hired the Roman Catholic Church to look after these schools that were supposed to be for education of native children. These children never had a chance. In 2022 the Pope visited Canada and admitted there were problems in the past with these schools, but never apologized for the abominations that took place. Satan has a way and means of getting evil done without the public ever really understanding. Think about the thousands of Roman Catholic public schools around the world, dedicated to Satan to this day. The children in attendance don't have a chance. They are cursed as long as they reside in such sewers.

#### **Focus of Catholic sexual abuse suits now includes nuns**

Associated Press, various newspapers U.S.A. and some Canadian newspapers, Ellen R. Stapleton, Aug. 02, 2004, Louisville, Ky. - "The Roman Catholic sexual abuse crisis has focused primarily on molestation by priests, but in Louisville, **more than 20 people are now suing an order of nuns** that staffed an orphanage decades ago. While most experts agree the incidence of abuse by nuns has been much less frequent than with male clergy, the phenomenon has been gaining some attention recently".

The initial lawsuit against the Sisters of Charity of Nazareth was brought by seven plaintiffs, just over a year after 243 people reached a \$25.7 million settlement with the Archdiocese of Louisville over abuse claims.

Herman J. Lammers, a longtime Catholic Charities director who was accused by two of those plaintiffs, was the resident chaplain at St. Thomas-St. Vincent Orphanage, which the sisters ran from 1952 until it closed in 1983. Lammers died in 1986. The recent complaints have been filed mostly by women who say Lammers raped or molested them. But there are also allegations against more than 10 nuns.

A Boston lawsuit filed recently included allegations by nine people who said they were abused by more than a dozen nuns at a Catholic school for the deaf.

Jeff Anderson, a Minnesota attorney, said he has represented more than 1,000 people over 22 years in cases involving priests or religious men, but has only handled about a half-dozen involving nuns. "The whole phenomenon of nuns abusing is somewhat recent." Many nuns who abused minors were exploited by male clergy themselves. "Abuse in religious orders is a grave problem because they don't have geographic boundaries and can move abusers from parish to parish, state to state and country to country," he said. "It's a serious problem yet to be realized and appreciated."

The Sisters of Charity of Nazareth, for example, is a 192-year-old order of 650 nuns that provides education, health care and social services in the United States, India, Belize, Nepal and Botswana. The community has had as many as 1,600 nuns. **William McMurry, who orchestrated the settlement with the archdiocese, said the alleged abuse at the orphanage is far worse than priests who preyed on young parishioners.** "When I reflect on the 243 victims in the archdiocese case, the horrors that occurred here are far more frightening because those children had a home to at least retreat to, but instead these were captives living a child's nightmare". McMurry said the orphanage could hold up to 450 children at one time, meaning the number of people suing the nuns could be high. The initial plaintiffs were five biological sisters who were reunited this spring after a half-century and realized they shared similar abuse.

#### **More recent allegations**

A shamed priest who attended orgies organized by a defrocked clergyman has been allowed to return to the Catholic Church after living in a 'reserved way' among the poor for a year. Father Roberto Cavazzana, 43, picked up a number of devoted followers thanks to his charismatic sermons in Carbonara di Rovolon, a town near Venice, Italy. He became famous in Italy in 2017 when he gave spiritual guidance to TV presenter Belen Rodriguez who described him as a 'modern priest' and a 'handsome and nice man'. Father Roberto Cavazzana, 43, has been allowed back into the Catholic church after having sex with a number of his

parishioners. But his clean image was destroyed after he admitted to having sex with 13 of his parishioners and taking part in group sex parties organized by Father Andrea Contin, who was later expelled from the church.

Father Contin, 50, reportedly filmed the orgies in which bondage equipment and sex toys were used. An investigation was launched into the priest's behaviour after three of his former lovers went to the police with their allegations. When they searched his home in Padua they came across a stash of home-made pornography and sex toys. Instead of providing guidance to them he allegedly seduced the women and pressured them to take part in 'extreme sexual activities'. According to the Times he also offered their services through a wife swapping website. Contin was eventually exposed after he was reported to the police by a 49-year-old woman he had taken to a French nudist resort. It is understood he filmed her having sex with Father Cavazzana. He has reportedly now been allowed back into the church following a period of reflection.

#### **Summary**

There is no way to sugar coat what goes on in the Devil's religion of Roman Catholicism. What happens behind closed doors of the common so-called congregations, dioceses, and the Vatican itself is evil beyond belief. Satan is in control of this religion in every aspect. He controls the Jesuits Black Pope in authority, from the top down. He controls all levels of supposed servanthood from the priests, nuns, monks, on down to the innocent altar boys. Money, idolatry, and sexual perversity are the spiritual weapons he uses in this

religion of witchcraft. It is the basis it was founded on, and it is the basis established for all the people naive enough to follow it to this very day. In many ways, it all comes down to laziness. If these foolish participants were not so lazy, and would simply read the bible, they would have no part with the harlot. Their laziness is costing them the demise of their soul and spirit in the Lake Of Fire for eternity. Forever is a long, long time.
