WELLS LAMONT

2006

**Garden
Party®**
Gloves

*Slip into something
more comfortable,
fashionable, and
functional*

Wells Lamont has done it again!

The best just got better.

Due to its continuing success, Garden Party is in its third year! And this year we are introducing new trendy colors, new packaging, new accessories, new details and more features for the uncompromising gardener.

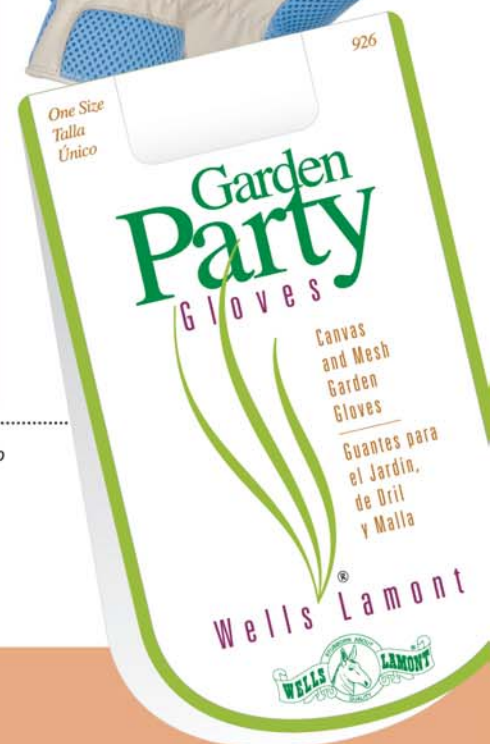

Wells Lamont is at the forefront of the gardening glove market.

Innovation is our number one priority. Our reputation for consistently introducing new styles, new constructions and better fitting gloves leaves no room for comparison. Our competition knows it and looks to us for direction. So, don't settle for second best.

For 2006, we are continuing to introduce more gloves that will improve comfort and make gardening tasks easier.

Our new Garden Party packaging for 2006 will be smaller to allow the consumer to see more of the glove. On the inside, the tickets will show photos of the glove and point out the important features of each. Check it out on page 7.

Spring Bouquet

Have a bloomin' good time gardening with these fun and whimsical gloves! The vibrant colors will lift your spirits and boost your energy level, giving you the extra edge to make your garden beautiful. And you won't lose these colorful gloves in the garden.

These gloves are made out of our Wearpower Poly/Cotton Jersey which has been ASTM tested to show it outperforms equal weight 100% cotton jersey 3 to 1 in tensile strength. Tensile strength means better seam strength, the most common jersey glove failure. Two of the gloves in the assortment are made out of our Wearpower Poly/Cotton Blend Canvas which has a tight weave making it very soft and durable. Both the Jersey and Canvas gloves also have Hob-Nob dots on the palm for excellent grip. The knit wrist keeps the dirt out!

934
