

COVID Update December 2021

December 29, 2021

Earlier today in the BC Government COVID update Dr Bonnie Henry announced that schools will have a “phased return” to classes in the new year. Children of essential medical workers and students with special needs will return to class Jan. 3, while all other students will return to class on Jan. 10.

This will require a delay in the start of our Preschool classes until Jan 10

This will mean that parents of children meeting the requirements for regular return will need to notify the school and Curious Minds of their intention to return to school and there will be no change to the regular before and after school care

Parents of students who will need care for the week until the phased return Curious Minds will be offering a full day program Jan 3rd - 7th for an additional fee of \$75.⁰⁰/Child. If you need this care if you could please email Stefanie at curiousmindslearning@shaw.ca as space may be limited due to staff considerations

Infant Toddler and 3-5 Programs remain unaffected by the announcement however we would ask that if you are not needing care please let us know as we will be monitoring our own staffing requirements closely.

Thank you for your understanding
