

PERSONALISED PAINTINGS

Unique personalised
original artwork.

Woodland watercolour scenes with silhouettes of your family members and/or pets are a unique and original gift that you and your family or loved one can treasure forever.

They come in three sizes and are usually supplied ready to hang in a contemporary white frame. Other finishes may be available on request but maybe subject to an additional charge.

How do I order?

Give me a call or drop me an email and I will be happy to discuss your requirements.

Let me know of any colour preferences, deadlines etc.

Progress and completion

This varies as to how busy I am, but usually around 6-8 weeks. Once we have agreed your requirements I will do my best to accommodate any deadlines you may have.

I will keep you updated of the progress of your picture by email with glimpses of it giving you the chance to make any comments and me to make minor adjustments.

I may also post snippets on my Facebook and/or Instagram and website pages, unless you would prefer me not to, or if it's a surprise gift. I will email you a digital image of your picture once it is complete. At this stage no further amendments can be made. Your picture will then be packaged and ready for collection/delivery as agreed.

Images

I need good, clear photos of everyone you would like in the painting - these can be emailed or sent as hard copies (I never share your information and will destroy images when your order is complete).

Ideally I need the people and/or pets to be in the position you would like them to be in the painting e.g. walking/standing rather than sitting. It is also helpful if you can let me know their approximate height.

How much does it cost?

Prices for these framed original pieces of bespoke artwork are as follows;

£75 - 450mm x 450mm

£95 - 297mm x 420mm

£150 - 630mm x 330mm

£ on request for larger pieces.

I ask for a 50% deposit and for you to accept my T&C's (available upon request).

Prices for unframed artwork on request.

These prices do not include postage.
