## Price Family Ranch

Grandpa Stanley and Grandma Clarice Price (Cooper) purchased a ranch from Jay Cooper in 1984 and moved to Harding County with seven kids and later had Craig. Their ranch is located on the Gilbert-Hett Road below the ridge called the Jumpoff. Grandpa continued growing the ranch, buying the Buttes near the Slim Buttes, the Richie Place a couple miles west of Buffalo, and the Penn Place on top of the Jumpoff. They ran cows and sheep, and Grandpa always had an eye for horses and had a lot of kids that needed a mount.

Dad and Mom got hitched after their stint at Harvard on the Hill, also known as Dawson Community College, where Dad had lots of success riding Barebacks. They moved back to Harding County and purchased their current place from Roy Cooper in 1978 about 7 miles horse back from the grandparents. They raised four kids – Joey, Jacki, Josi, and Jet. Each kid has rode since they could walk and rodeoed through college. Dad rode many horses but decided to go learn some more and went to a few clinics and is always willing to learn new approaches to start horses. Dad and Mom had quite a horse herd and in 1995 decided to have a horse sale, since then they have had one every three years.

Joey is married to JW Moore, and they have one boy McCoy (18 months). Joey is a high school math teacher in Buffalo, WY. They have some cows and also have a good string of horses at their place by Story, WY.

Jacki is married to Jordan Christman and they have Cahan (4), Citti (3), and Conway (9 months). They farm and ranch near Hettinger, ND.

Josi lives by Bowman, ND, and has a small herd of cattle. She is the account manager for Honeywell for North Dakota and Eastern Montana.

Jet graduated from Dawson Community College in 2008. He came back home and has worked and rode nonstop since. He continued to rodeo out of college and made the circuit finals numerous times, winning the average in Badlands Circuit in bare-back riding in 2012. He decided to hang it up a couple years back to concentrate all his energy ranching with Mom and Dad. He is a huge assets to the operation!

In the last few years they have added to the ranch by purchasing the Old Mackey Place, east of the main ranch and the Bud Cooper Ranch. They sold the sheep in 2001 and increased the cow herd. The ranch is comprised of rolling hills to forest and everything in between. Horses are used for everyday work which makes for good broke ranch horses.

Harding County is the fourth largest county in South Dakota by area, but it has the smallest population per capital. It used to be full of sheep, but between the blizzards, drought, prices, and predators, it is nearly now full of cattle. Harding County is known for good cattle and better neighbors. It is also known for the Crow Buttes, Tipperary, Three Toes, great steer wrestlers, Custers Trail to Bismarck from Ft. Meade (which went through the ranch) and much more.

Don't be afraid to stop and visit and take a look at the horses or tour of the ranch.

This illusive lobo taunted and haunted Harding County ranches in the early 1900's. Three Toes track's were easily identified as he had lost one toe in a rancher's trap in his early days. He killed for sport and vengeance. It is estimated that his prey was valued between \$50,000 and \$100,000 and twice federal agents were called to help track him. One of Three Toes favorite haunts was **The Jump Off, located on the Price Ranch.**

**2 • South Dakota Bred ... Ranch & Arena Proven!**

If you've heard of Harding County then you've heard of Tipperary (above). He was deemed "One of the greatest outlaw bucking horses in the world." It is estimated that nearly 90 cowboys, the best from America to Canada, attempted to cover Tipperary. In 1961, the Buffalo rodeo arena was officially named the Tipperary Arena. Tipperary is pictured with his owner Charles Wilson (right).

In 2015 **The Rafter Diamond** purchased the Mackey Place which was once a remount horse outfit located in the Short Pines. The Mackey Brothers also produced and provided bucking stock for many area rodeos. They started the Buffalo Labor Day rodeo, as well as moved the High School Regional rodeo to Buffalo. A portion of the rock corral on the Mackey Ranch (top left) still stands and is a must see!

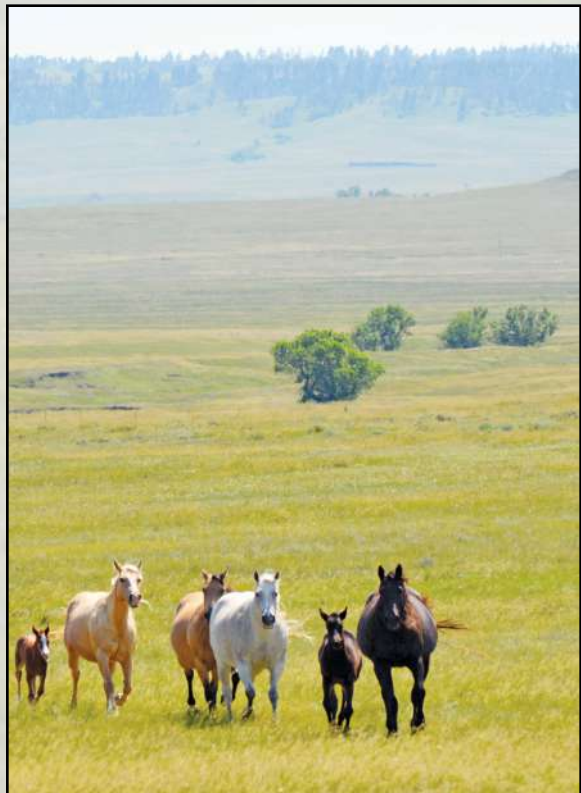

The **Rafter Diamond Ranch** has grown and changed over the decades; they've raised sheep, cattle, race horses, and made their presence in the rodeo arena. This 40,000+ acre cow-calf operation has produced proven arena and ranch horses. The ranch is steeped in history and the love of good horse flesh remains a constant. This will be the largest offering of ranch proven horses in the Midwest and you can purchase with confidence. The Price Ranch is proud of this home-raised offering along with those brought by a select group of area consignors.

"Cougar" is the headline Price Ranch stallion siring the newest generation of Rafter Diamond performance horses. Backed by a "Cowhorse Legends" pedigree, he is a direct son of the phenomenal High Brow Cat, the #1 NCHA sire for over 10 years with \$74 million progeny earnings! Dam Have Some Cash was an NCHA money earner and producer.

Bred and built to be a performance producer, Cougar is a medium-sized, squared-up, strong stallion with muscle shape and cinch. A "go to" ranch remuda mount, he is an incredibly intelligent, talented, catty athlete and a very quick-footed, smooth mover.

Cougar is an ideal complement to our Cozmo Rocket and Ship Master mares. Progeny are well built, shapely, all-around horses. They express the solid dispositions, trainable minds, cow sense plus speed and exceptional natural talent and movement to compete at the highest level of futurity and rodeo competition.

This mare has dragged tons of calves to the fire, Jet's roped bulls on her in the pasture and she has turned more steers in the arena than probably any horse on the place. She has such an easy and long gait that you can ride her all day and really put miles on, and on top of that she is ridiculously super cowy. Black Betty is the horse we put any and everybody on. She can haul kids around but has so much speed you could take her to a roping and never have a steer out run you.

Classy is what comes to mind when you look at this jet black stud colt with white socks. Imagine him when you're heading steers or running barrels on him in a few years. Clay Tryan has won a world championship off the Hansen's (Zip Cash) stud battery and then cross with the famed High Brow Cat son and I think you'll find a stud colt that will work for anyone in the family. He'll shine in the arena or on the ranch. This colt is a full brother to one of Dennis's favorite horses to sell @ the Price Ranch-"Kitty".

Shopko is a 10 year old gelding that stands 14.1. He is finished in the heeling and the breakaway. He is good in the box and can run as fast as any heel horse I've owned. He won't miss the corner. He came from a high school girl that hauled him in the breakaway. He is as finished as they come. I hauled him last year and won a series roping on him and the Faith open roping. Nice to ride outside. He can teach a high school kid or can be hauled to pro rodeos. 100% sound and no buck.
