Last Week's Run Report

Run No; 706 Hare; Buttered Buns

Location; Fletcher St, Applecross

Well the crowds usually come out of the woodwork for runs set from B.B.'s place but only the true Hashers (holidayers in Bali & submarine workers excused) showed up on a rather chilly evening. There was a big debate whether to leave the comfort of the house to start, and a delay awaiting the arrival of the R.A. She finally turned up bringing the bloody rain with her. WTF - she's supposed to stop the rain, not bring it. More debating, back inside, back outside with B.B. and Horny assuring us the run was well set and not too long. A grand total of four runners set off into the cold only to lose trail in the rain and an executive decision was made to head for home - to find the walkers all enjoying the "drink stop" in BB's lounge room.

B.J. as stand-in GM, called the circle (inside - as I said, not a big crowd) and Tagg correctly guessed the run number probably because he hadn't left the lounge room and had been studying for the question. Humper & Light My Fire gave extraordinarily high scores for the run/walk and consequently were charged for bullshit. The R.A. charged herself for the weather (good call!) and comments were made about her head to toe condom. Various other charges including the boys exposing themselves and Cookie had a good joke and then it was on to a yummy feed. Thanks B.B. & Horny!
