

The Everyday Wonder of Inner Life

When the eye is not blocked, the result is Vision. When the mind is not blocked, the result is Wisdom, and when the Spirit is not blocked, the result is Love.

Sacred Covenant

There is only One Life.
That Life is God's Life.
That Life is Perfect.

Practitioner Message

Fear isn't self-preservation. It is the denial of Love's Presence and It's capability to move mountains for you. This is because you have free will to think for yourself - you can choose. Even when things seem perilous you have choice about how you think every second of every day you live.

Fear is so prevalent in the collective human field of consciousness, and has been for ages. You don't even know it's there all the time that you are a party to it. In some ways you idolize it. Think about it. For me, I have fear as I write this about losing my mother and also about losing a great friend. Losing loved ones is fearful for me on many levels, and it is fearful for the collective or race mind, as Ernest Holmes calls it, big time - especially now.

Fear doesn't even like itself, it blames you and everything else for its own existence. (404-2) Paraphrasing Einstein, you can't solve a problem from the problem. You have to rise to a new thought. So, you ask, how do I get fear to disappear?

Fear is referenced 37 times in the *Science of Mind* text. Fearlessness is mentioned twice. (232-4 and 238-4) Also, Ernest Holmes speaks of Race Suggestion on page 348. Do you have faith in fear? (283-3) Ask yourself this question and feel your own response. That feeling is your Divine Self showing your response, trapped in you, where you can make that other choice.

Who and what do you trust when you cannot trust what you have known all your life?

That Life is my life now.

In knowing that...

How can you go beyond what is known? Even Google can't go beyond what it knows.

Why do I defend my limitations born from this ideology called fear?

Take time to release these falsehoods inside and a new world is born for you, by you, in you, and all around you. It is this One Mind that lifts the personality to a new view.

"The Great Spiritual geniuses... whether it was Moses, Buddha, Plato, Socrates, Jesus, or Emerson... have taught humans to look within themselves to find God." ~Ernest Holmes

I am all I preach to be; I invite you to take a leap with me. I am the Light, I am the Life, I have come. Behold, I make all things new again.
