Recovery, Performance, and Strength

Living an active lifestyle takes a toll on your body. Manage physical wear-and-tear with go-to support for muscle, joint, and tissue recovery.

[Restore] is formulated with powerful proteolytic enzymes, antioxidants, and chelated minerals to aid in recovery and help strengthen and fortify against further injury, so you don't have to slow down for a second.*

[Restore]’s Benefits:

- Supports the digestive breakdown of high-protein diets when taken with meals*
- Provides recovery support when taken between meals*
- Aids in quick workout recovery and faster injury recovery*
- Helps athletes bounce back faster after hard workouts and activity*
- Promotes a healthy immune system*
- Supports the circulatory system in delivering energizing oxygen throughout the body*

Proteolytic Enzymes

Proteolytic enzymes are a group of compounds that help your body break down proteins into amino acids, making protein easier to absorb and use.*

Once proteolytic enzymes are in your system, they may also support a healthy immune response, and initiate joint and tissue repair.*
