

Nannette's sampler

www.roland-designs.com

This pattern is graciously donated by Nannette in the US.

The original sampler was stitched by her grandmother or great-aunt sometime in the 1940's.

I have re-charted it as close to the original as possible, and though the colors are faded and I have replaced them with more 'fresh' DMC equivalents, you could always stitch it on tea dyed, or vintage linen with natural dyed embroidery floss to give it a more rustic look.

Enjoy stitching this traditional folk art American sampler.

Design Area:

137 x 145 stitches

If stitched on 28 ct linen/ 14 ct aida the pattern will measure :

9,79" x 10,36" / 24,8 x 26,3 cm

Do you want to use linen/aida with a different stitch count ? On the home page of our site you will find a handy stitch calculator. www.roland-designs.com
