CLASSES:

JANUARY 21, 2021 THROUGH MAY 13, 2021

TUESDAYS & THURSDAYS

6:00 P.M. – 8:00 P.M.

Medical Assistants are multi-skilled health professionals specifically educated to work in ambulatory settings performing administrative or clinical duties. Students who enroll in the Medical Assisting class will be trained in both administration and clinical duties. Students will learn medical terminology, anatomy and physiology, medical billing and coding, vital signs, injections, pharmacology, and venipuncture along with how to run a medical office.
