A ROOM WITH CHARACTER

kitchen collection

The kitchen is often just considered a functional space, but the DDDDD designers see it differently. Let's have a closer look at kitchen textiles. A striking pattern, a bold colour or a fun text can totally transform your kitchen. They can brighten up the space and give it a signature look. Drying a pan with a tea towel that says 'Wash up!' or wiping the kitchen top with the 'Fun Clean' dish cloth is guaranteed to put a smile on your face.

De glazendoek van DDDDD is speciaal ontwikkeld om glazen mee te poleren. Met deze doek kunnen glazen streekloos worden afgedroogd, waarbij ze een mooie glans krijgen. Door de combinatie van 50% natuurlinnen en 50% hoogwaardig katoen wordt het vocht optimaal geabsorbeerd. De doek pluist niet, is duurzaam in gebruik en blijft was na was kleurecht. Geschikt voor thuis en professioneel gebruik.

The glass cloth from DDDDD is specially developed to polish glasses. Glasses can easily be dried with the cloth without making any stripes, and it gives a beautiful shine. It is made of 50% nature linen and 50% high-quality cotton, this gives the product a tremendous capacity for holding on to moisture. The glass cloth is very sustainable in use, it remains the colour after several washings, and is suitable for home and professional use.

Perfect for your glasses!
