“Fights for fairer access to land in NSW and represents interests of prospectors and fossickers”

And the SDC2300 winner is.....

We have finally got to do the SDC2300 2016 membership renewal draw.

The lucky winner is Darren Francis from NSW (member number 130)!

Photo shows: NAPFA Treasurer Veronica (Left) with Lucinda Hook from Central West Prospecting Supplies doing the draw. The SDC was provided by Minelab as part of a promotion with NAPFA.

For others who have renewed please note you will receive your membership card and receipt for renewal soon.

We cannot put an exact date on when we will do the mail-out as we are waiting for delivery of the new membership cards. However, it is coming and we are doing it as quickly as possible.

We know some people have been getting anxious because “they have not heard anything” since they renewed.

We are sorry for any concerns they might have and will try to do better next year.

The NAPFA committee has actually been extremely busy communicating with Department of Resources and Energy, Crown Lands, Local Councils and NSW National Parks on a range of matters affecting fossickers. I will communicate details of that separately, but just thought the news on the SDC had to get out straightaway!
