

## **COVID-19 SAFETY PROCEDURES**

**Effective August 16, 2021**

As the country and Cape May County sees a rise in COVID cases and new strains, we want you to know that your safety is our priority. In accordance with the CDC and state guidelines, the following safety measures are now in effect at Ocean City Arts Center:

**Masks:** For the duration of 2021 summer camp and adult classes everyone in the Center must wear a mask at all times, except when eating and drinking. Many of our campers are too young to receive the vaccine, so for their safety and the safety of our entire community, our masking guidelines will continue until further notice.

Please be advised that more than likely there will be adjustments to our safety procedures as we get mandates from the City, State and Federal Government.

**THANK YOU!**
