2. trying to help instill in our young people an awareness of, an appreciation for, and a love of the arts,
3. providing a warm, positive and enjoyable learning atmosphere, environment, and experience,
4. providing instruction for hands-on learning in 4 art forms and giving students the opportunity to set and reach goals,
5. providing the opportunity for creativity and for successful completion of several works of art, and
6. providing enrichment and growth opportunities: instruction in a number of art forms, personal growth and esteem-boosting possibilities through product completion, additional esteem-boosting opportunities through caring teachers' guidance, and enhancement of social skills through interaction with other art students.
