Wall Street Global Impact (WSGI) News Series

### **IMPACTFUL** **-WALL STREET-** **FOR SUSTAINABLE AND IMPACTFUL SUCCESS**

**IMPACTFUL – Wall Street** –is your go-to news and analysis on success and impact of Wall Street IPOs, Listed Companies, and Indexes. We put a special emphasis on SPACs (Special Purpose Acquisition Vehicles).

**Impact potential:** Corporations in a capitalist society are the ultimate engine for income creation and distribution, and economic and social development. Wall Street Global Impact (WSGI) is your tool to understand the impact and the impact potential of IPOs and listed businesses on NASDAQ and NYSE. We use our proprietary framework: GEI “Distributional Impact Matrix” and “Inclusive Investment Index” (3I) to assess the impact potential of the investment. We highlight impact channels most valuable for the company to achieve optimized Return on Investment (ROI) driving not only financial success but also impact.

**Value to IPOs, SPACs, listed Companies, and Indexes:** Our work opens an avenue and a valuable opportunity for IPOs, listed businesses, and indexes to achieve financial success but also impact together.
