Numbers Chapters 13-14

Yahweh told Moses to send one man from each of the sons of Israel, from the tribe of their fathers, to spy out the land of Canaan. This was the land that was flowing with milk and honey that Yahweh promised to His children.

They were to see all that was in the land and the people who were living in it. They were told to make themselves strong and to take the fruit of the land. It was the days of the first ripe grapes at this time. At the end of forty days they returned from spying out the land. They came to Moses and Aaron and the congregation of the sons of Israel and made them see the fruit of the land.

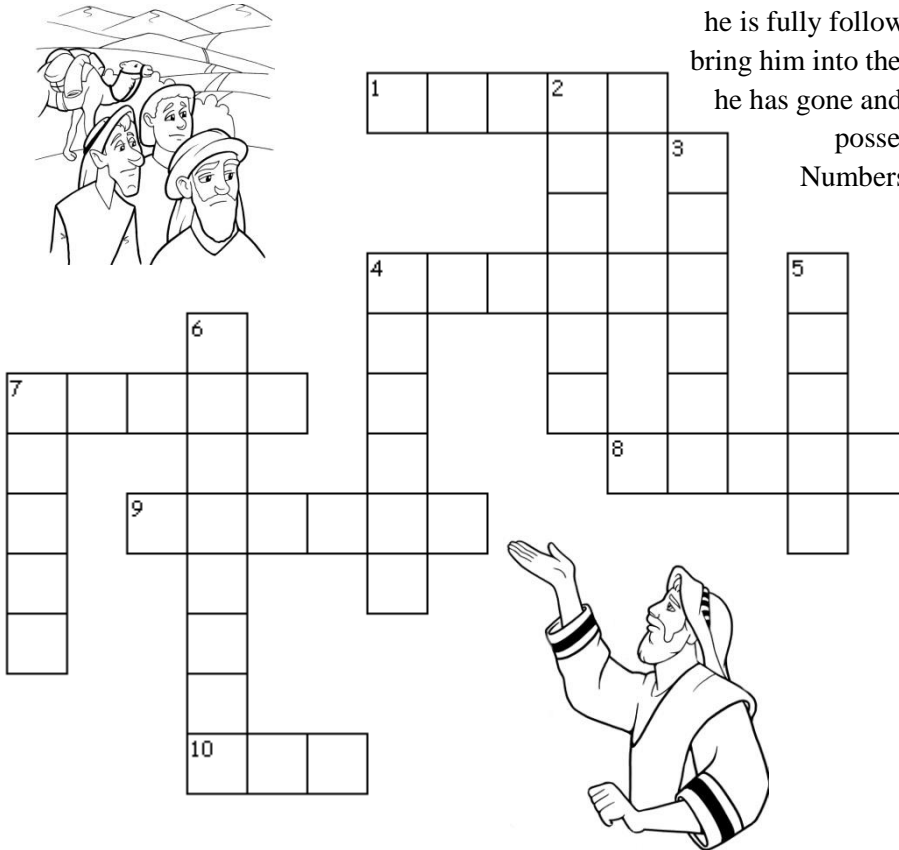

They reported the land was indeed flowing with milk and honey, but said the land was fierce and there were giants living there. They said they were not able to go against the people for they believed the people were stronger than them. Caleb stepped forward and stilled the people before Moses. He said, we will certainly go up, and we will seize it, for we are able to do it. The children of Israel saw the many miracles Yahweh had done in Egypt and in the wilderness and they still lacked the faith to go into the land He promised. So Yahweh told them anyone 20 years old and older would not see the land, but would wander the wilderness until they died. CALEB and JOSHUA listened to Yahweh's voice and followed him fully so they were able to go into the land and possess it.
