

Welcome to Animated Movement!

We are EXCITED to begin a new and hopefully, “NORMAL” season! We have loved becoming the local dance studio that the community can depend on for quality dance instruction at reasonable rates! Also, we are extremely PROUD of how we handled the unprecedented pandemic.

At Animated Movement, we welcome everyone. Whether it’s a beginner student trying their first class, the dancer training for their performing arts high school audition, or the dancer looking to physically better themselves while learning the challenging and rewarding art of dance, we welcome and embrace them all! We are proud to have students majoring in dance at college and alumni who go on to teach and perform in the arts! There is something for everyone at the Animated Movement family.

Animated Movement, above everything else is just that, a FAMILY! Whether you are looking to attend a weekly technique class, join our performance team, or audition for our competition team, we will support you. Our qualified and nurturing staff has been hand selected to provide your child with the best dance education in a safe and fun environment.

We are thankful for each and every dancer who joins our dance family. It is because of this appreciation and love of community that we will continue to monitor and follow all safety recommendations and mandates. When masks are not legally required, it will be each family’s individual decision whether or not to send your dancer in a mask. When that times comes, either option will be completely supported by the staff.

We are happy to announce the return of our tuition bundle for this season. All classes will be \$72 monthly (each additional class or sibling class will be \$62). This bundle will include your monthly class tuition, a Holiday Showcase T-shirt, Recital T-shirt, PLUS a recital costume and tights. There will be a \$25 registration fee for each dancer for the 2021-2022 dance season.

We are thrilled to get back on the dance floor with a more normal atmosphere! We know it is going to be our most amazing season yet! Thank you for joining us and for being part of our dance family!

Again, welcome to Animated Movement...“Where dance memory moments are made”!
